## CAVE-AGED WINE

*SONOMA COUNTY*

## 2018 Pinot Noir

*RUSSIAN RIVER VALLEY*

### WINEMAKING

Whole cluster, hand-sorted Pinot Noir sourced from two Green Valley vineyards. It was fermented in open-top fermenters, gently punched down, and then aged underground. This Pinot Noir blend is a great representation of the Russian River Valley.

### TASTING NOTES:

This is a beautifully polished Pinot Noir with a translucent raspberry red color and aromas of strawberry, cherry-cola, and rootbeer that open to rose petal, earth, perfume, brown sugar, and spice.

## CAVE-AGED WINE

*SONOMA COUNTY*

## 2018 Red Blend

*WILDWOOD VINEYARDS*

*SONOMA VALLEY*

## WINEMAKING

Made of the five Bordeaux varietals (Cabernet Sauvignon, Cabernet Franc, Merlot, Petit Verdot, and Malbec) from Ryan's family's vineyard in Sonoma Valley.

## TASTING NOTES:

This wine hits its stride on the dinner table paired with your favorite Italian dishes. Meaty aromas and spice give way to blackberry, blueberry, cherry and bubblegum with notes of smoky BBQ and tar. Structurally, the wine is vibrant with great depth of fruit, body and flavor with dusty, mature tannins and a long lingering finish. Enjoy now through 2024.

## CAVE-AGED WINE

*SONOMA COUNTY*

## 2016 MALBEC

*WILDWOOD VINEYARDS*

*SONOMA VALLEY*

## GOLD MEDAL

## VINEYARDS

100% Wildwood Vineyards

The Malbec vineyard is located 100 feet above the valley floor. This slight elevation gain keeps the vineyard out of the frost zone, but still maintains cooler valley temperatures.

## WINEMAKING

Fruit was whole cluster sorted and fermented in a two-ton open-top fermenter at lower temperatures. The must was pressed at dryness and the wine was allowed to briefly settle before being racked to barrel.

## TASTING NOTES:

Aromas of spice and floral notes give way to cassis, blueberry, and caramelized sourdough crust. This wine has a well-balanced structure and acidity, with a medium-heavy mouthfeel and well-defined dusty tannins. A red-berry fruit and graphite are at the core of a long lingering finish.

## 2018 PETIT VERDOT

*WILDWOOD VINEYARDS*

*SONOMA VALLEY*

### 90 POINTS WINE ENTHUSIAST

### VINEYARDS

Planted in deep iron-rich volcanic soils just off the valley floor, the site has cooler night time temperatures that allow for longer hang time and phenolic ripeness.

Two barrels produced.

### TASTING NOTES:

This Sonoma Valley Petit Verdot is one of our darkest red wines and has outstanding concentration and depth. Its meaty aromas and spice give way to subtle mint, plum, and chocolate aromas. This wine has a full, velvety mouthfeel with a long finish. Enjoy now through 2035.
