

Space Park Enology Club Presents
Montemar Winery
 with Winemaker Kyle Arrowood
 Friday, Oct. 21st, at 7:30 pm, via Zoom

The Space Park Enology Club is honored to host Kyle Arrowood, winemaker of Montemar Wines. The winery was started by Steve and Caryn Arrowood while they were aerospace employees working for Hughes & Raytheon. In 1991, they started making wine in their garage in Palos Verdes. They sourced fruit from Santa Barbara County to Napa, making upwards of 14 barrels a year. As Garagistes, the activity was an exhilarating friends and family experience that led to becoming a bonded winery in 2009. In 2012, production increased allowing for sufficient volume (1,400 cases/year) to justify a tasting room. The Montemar tasting room opened in 2013 in Lompoc's Wine Ghetto and the

Arrowoods built their own production facility next door in time to harvest and process the 2015 fruit. Montemar currently produces upwards of 1,400 cases/year consisting of rosé, whites, pinots, syrahs, and other reds. With this large of number of different varietals, Montemar averages less than 100 cases per lot with many small-lot bottlings available exclusively to wine club members.

Sadly, Steve passed away in 2020 after a long battle with cancer. Their son, Kyle, has been making wine with his dad his entire life and was excited to commit to winemaking full time in 2018 with his fiancée, Layne, working by his side. He will continue with his dad's winemaking style for all legacy wines, but has already branched out and made some new / different offerings (e.g. Pet Nats and an Amber wine) with much pride from Dad.

Since Montemar Winery specializes in Pinot Noir wines from grapes grown in the Santa Rita Hills appellation, the tasting will include three bottles from individual vineyards with an optional fourth blended offering. Montemar Winery has graciously offered us a 25% discount making the package about \$125 for the 3-bottle set and \$156 for the four-bottle set.
