

## Space Park Enology Club presents Barr Estate Winery

A virtual event with winemaker **Greg Barr**  
Friday, November 10th at 7:30 pm, via Zoom

We are thrilled to welcome back Greg and Tealy Barr for our November 2023 virtual event. Native New Orleanians, Greg and Tealy grew up in a culture of great jazz and good food. While living in Europe their appreciation of well-made wines was greatly enhanced and upon returning to California, they developed a greater appreciation of California wines. Greg and Tealy settled in the Geneseo district of Paso and in 2007 Barr Estate Winery was born!

Barr Estate is dedicated to farming and growing their own fruit – winemaking starts in the vineyard! – and making great wines at affordable prices that enhance the culinary experience. You can read more about Barr Estate Winery at their website including detailed fact sheets on all their available wines: <https://www.barrestatewines.com/wines/>.

We hope you will join us via Zoom and sip along as Greg and Tealy describe all wines in this single varietals focused flight. Learn about their wine making process, philosophy and ask questions. See accompanying wine tech sheets for pairing suggestions. This event is perfect timing to select some nice wines to pair with your Thanksgiving meal!

**Greg and Tealy will be presenting a flight of wines in this order:**
