# Taste of Santa Rita Hills

A virtual event with owner **Michael Robinson**

**Friday, July 19 at 7:30 pm, via Zoom**

The Enology Club is pleased to welcome Michael Robinson, co-owner of Taste of Santa Rita Hills. "Taste" is one of the Santa Ynez Valley's premier Pinot Noir and Chardonnay retailers, representing a who's who of highly allocated, cult and critically adored producers from the Sta. Rita Hills AVA. Since 2010 Taste of Santa Rita Hills has been handpicking some of the finest expressions of these varietals to share with customers. Many of the wines available at Taste of Santa Rita Hills are such limited production that the only other way to get them is directly on allocation from the winery. Through their relationships with these wineries they have become one of the largest retailers of wines from regional stars such as Sea Smoke, Paul Lato, Racines, Our Lady of Guadalupe (OLG), Bonaccorsi, Mail Road, The Hilt and many more.

This custom tasting will highlight a few of the star producers (Paul Lato, Mail Road, Our Lady of Guadalupe) and 'cru' vineyards (Mt. Carmel, Lerner, Our Lady of Guadalupe) that have helped to make the county one of the finest wine producing regions in the world. See the attached tasting notes or visit Taste's website to read more about each of these special wines.

Michael is providing our club a 20% discount off orders of any three or more of these wines. For convenience we've arranged the wines into two flights of three that each provide a representative sampling of the region. You can purchase either or both flights, mix and match, just the four Pinot Noirs, or whatever you want as long as you meet the three bottle minimum. As an added bonus, Michael will deliver all of the wines on Tuesday, July 16<sup>th</sup> to Monica Harley's home in Hermosa Beach where you can pick them up locally and save on shipping.
